# HINTS ON PREPARING AND STAGING FRUIT AND VEGETABLES

**There is no doubt that attractive presentation of exhibits will attract the judge's eye.**

**POTATOES:** Should be carefully washed, staged on a plate or doily and weigh approximately 200g.

**ONIONS:** Firm, uniform bulbs that can be placed on rings 2.5cm high to good advantage. **Shallots** should be shown mounted on fine, white sand. Onions and shallots should not be peeled and the outer skin left on. Bend top of stem double and tie neatly with raffia, cotton or rubber band.

**PEAS:** These look well when arranged like the spokes of a wheel in the centre of a plate or placed on the table side by side. Keep the bloom on the pods by handling them by their stalks. Leave 'top and tail' on pea pods, french and runner beans. **Runner beans** should be long, straight and tender.

**LETTUCE:** Firm and tender - may be kept fresh by placing root in a basin of water.

**CUCUMBER:** Fresh, young, tender, blemish-free, straight fruits of uniform thickness with short 'handles' and flower if possible.

**COURGETTES:** Young, tender and 10-20cm long, well matched and of any colour. Round cultivars should be approximately 7.5cm in diameter.

**CABBAGE:** Leave approximately 7.5cm of stalk.

**EGGS:** Should be uniform in size and shape with shells free from stains and dirt. The judge may break one egg to check yolk colour and condition.

**RHUBARB:** Aim for straight, long, tender stalks with well-developed colouring and leaf blades trimmed back to about 7.5cm.

## THE KITCHEN

**Marks will be awarded on flavour, aroma and texture. In addition, here are some hints on presentation:**

- Jams/Jellies/Home Brews - jars should be clean with clear attractive labelling.
- Fruit colour should be bright and characteristic.
- Bread should be well risen and evenly baked.
- Cakes should be well risen and have an even texture.
